

To all foreigners,

Ibaraki prefecture and Kamisu City are currently looking for participants in a disaster drill.

Learning from the last major natural disaster, a large scale disaster drill based on the case of an earthquake will take place. This disaster drill will involve the self-defense forces, firefighters, aircraft, and helicopters. Large-scale exercises about different aspects of a natural disaster will be covered, such as checking the material damages or rescuing people in a damaged highway bus.

Training will include how to evacuate, how to be ready in case of a natural disaster or how to do the first-aid treatment etc. We hope that many foreigners will participate in these useful workshops.
